

Advantages for Your Business

As a healthcare IT vendor, a critical component of your business depends upon interacting with the nation's largest payer, Medicare. Your healthcare provider customers depend on your timely and consistent ability to deliver Medicare data on a daily basis. For over 20 years, ABILITY has supported hundreds of healthcare IT vendors like you, connecting the industry to Medicare.

Simple, affordable connectivity to Medicare need not consume valuable resource time, from a business or IT perspective. When you're an ABILITY Strategic Partner, our team of experts provides the tools and support you need to manage Medicare connectivity simply and seamlessly.

Core EDI Services

ABILITY connectivity platforms are designed for clearinghouses, revenue cycle management companies, practice management vendors, consulting agencies, government contractors and payers for simple access to Medicare. ABILITY connects thousands of providers daily to core Medicare services such as:

- Medicare Claims File Transfer (837/835) to all MACS
- HIPAA Eligibility Transaction System (HETS 270/271) transactions
- Access to the Medicare Shared Systems (DDE/PPTN/CSI)

Enhanced Medicare Connectivity

ABILITY pioneered secure access to Medicare. And our innovative API toolkits leverage our secure connectivity to provide additional value to our Strategic Partners. Enhanced API toolkits from ABILITY make integrating core Medicare services into your application simple and manageable. And, as an ABILITY Strategic Partner, you will enjoy the lowest integration costs in the industry, as well as ongoing low costs for services.

- **One-stop solution** – connect your customers to Medicare claims, eligibility, and the Medicare shared systems (DDE, FISS, PPTN, CSI) from a single platform
- **Uncomplicated installation, no-fuss maintenance** – PKI technology means you can throw out clunky and difficult-to-manage VPNs
- **You'll deliver top quality to your customers** – ABILITY offers well-designed, proven, and reliable technology that lets you focus on your customers
- **Low cost, huge value** – enjoy the lowest integration costs in the industry, backed by a customer support team dedicated to your organization

Count on Our Support

Because we know your customers count on you to keep their businesses running smoothly, you can count on us. ABILITY provides Strategic Partners with a dedicated team of advanced technical support representatives who understand the unique needs of IT healthcare business. In addition, ABILITY has dedicated internal staff who work closely with Medicare to understand and proactively address industry changes. We quickly troubleshoot and resolve any Medicare EDI issues as they arise so you don't have to.
