ABILITY | CHOICE®
All-Payer Claims

# Keep all-payer claims on track

Benefits to Your Organization

- **Save time, streamline workflow –** Submit a batch for all or some of your payers, with 24/7/365 accessibility. Download your ERAs in 835 format or view a readable version directly in our portal. With another click, you can access and sort all your rejected claims in one place, including by the payer's rejection reason.

- **Easily correct and resubmit claims directly via the editing tool**

- **Save time, reduce errors –**
  - Integrates with ABILITY | COMPLETE® eligibility verification application
  - No need to re-key data entered at patient intake; fewer errors
  - Prevents tedious data entry and frees staff time for other tasks

- **Get a snapshot of your organization's performance with analysis tools –**
  - Track total billings and total visits for each month
  - Benchmark your coding and billing against that of similar practices for any diagnosis

ABILITY | CHOICE® All-Payer Claims is an easy-to-use electronic claims management service that allows users to submit, edit and receive transactions for Medicare, Medicaid and thousands of commercial insurance companies. You'll also gain insights into your organization's performance with billing and coding analysis tools. Keep on top of all your claims-and keep your revenue on track.

Providers with billing software: Leave paper claims behind – submit electronic claims to all your payers, with 24/7/365 accessibility. Use the simple batch upload service for processing all 837 EDI-compliant claim formats. Data translation and mapping services are also available for Print Image and NSF formats.

Providers without billing software: You're covered, too! For professional claims, you can key data directly into an electronic CMS 1500 form via a secure web portal, and save important information for future use. For institutional claims, you can key data into an electronic CMS 1450 (formerly UB-04) form using our ABILITY | PC-ACE® application.
